MAKING A MEANINGFUL DIFFERENCE IN ALL REGIONS

OUR VISION

At WQS, we are committed to operating responsibly both at a personal and professional level. We believe safety is the single most important element in any business, because people are the most powerful resource of any organization. Any positive impact or intervention we can make will only be preceded by the proactive measures we put in place.

OUR MISSION

WQS strives to protect the environment and all life by providing accurate, dependable and reliable inspection solutions. We will ensure customer satisfaction through responding to client needs and utilization of competent personnel.
